Hi Naum:

I hope you are well.

Our compliance guy told me that if we develop a brand new design for a weapon sight that that falls under ITAR restrictions.

As a Non-ITAR option, we can supply you with a 100, 50 and 35mm developed for a security camera application.

Take a look at the attached lens prints(50mm & 100mm) to see if they will work for you.

If so, I will forward the prints for the 35 as well.

Rgds,

Devin
